'GENIUS' AWARDS**

INNOVATIVE EDUCATION

As one of the world's most respected public research universities, UC Santa Cruz offers rigorous academic programs and cutting-edge research opportunities that teach students how to think, not what to think.

HIGH-IMPACT RESEARCH

At UC Santa Cruz, world-renowned faculty members work in state-of-the-art research facilities to create an atmosphere of revolutionary discovery.

SERVICE TO SOCIETY

A commitment to environmental stewardship and community engagement is central to UC Santa Cruz's core values and an enduring source of pride for the entire campus.

COMPRISED OF 10 DISTINCTIVE UNDERGRADUATE COLLEGES, each structured around a unique socio-cultural theme. "Core courses" emphasizing those themes foster a strong sense of community and a common intellectual foundation among students at each college.

KNOWN FOR OFFERING HANDS-ON EDUCATION TO UNDERGRADUATES through programs like the Network Management and Operations Lab, where student interns partner with engineers from Cisco Systems to troubleshoot complex, real-world networking problems.

HIGHLIGHTED AS AN 'UP-AND-COMER' by the *Washington Post*, which cited UC Santa Cruz as one of five U.S. campuses that are a "new breed: young, fast-growing schools that are swiftly ascending into the top rank."

RECIPIENT OF A PRESIDENTIAL AWARD FOR EXCELLENCE IN SCIENCE, MATHEMATICS, AND ENGINEERING MENTORING for the campus's unique Academic Excellence program, which provides comprehensive peer-to-peer mentoring for beginning math and science undergraduates.

NAMED AMONG THE WORLD'S MOST BEAUTIFUL COLLEGE CAMPUSES BY FORBES alongside universities such as Oxford, Stanford, and Princeton.

PRODUCER OF THE FIRST WORKING DRAFT OF THE HUMAN GENOME, supporting researchers worldwide. Today, UC Santa Cruz is also playing a leading role in the promising field of cancer genomics and has published an Ebola genome browser to help global researchers create a vaccine.

HEADQUARTERS OF UC OBSERVATORIES and a managing partner of the world's second-largest ground-based optical telescopes at the W.M. Keck Observatory in Hawaii.

HOME TO ONE OF THE WORLD'S TOP MARINE MAMMAL RESEARCH CENTERS at Long Marine Laboratory, overlooking Monterey Bay—the second-largest marine sanctuary in the world.

LEADERS OF A RESEARCH NETWORK that's using the UC Natural Reserve System to detect and forecast the ecological impacts of climate change in California.

AWARD-WINNING FACULTY whose honors include the National Medal of Science, Benjamin Franklin Medal in Electrical Engineering, Urey Prize in Planetary Science, Kavli Prize in Astrophysics, Weldon Memorial Prize, and Bower Award and Prize for Achievement in Science.

RECOGNIZING THE VALUE OF UCSC'S HUMAN HEALTH RESEARCH, funding from the National Institutes of Health to the campus continues to increase, even while NIH's budget has declined more than 20 percent since 2004.

UCSC RANKS FOURTH AMONG UNIVERSITIES WHOSE RECENT GRADS WORK WITH CITY YEAR, a national organization that partners with schools to provide tutoring, mentoring, and behavior assistance for more than 150,000 students, helping reduce dropout rates and increase test scores.

A PIONEER OF THE SUSTAINABLE AGRICULTURE MOVEMENT and a training ground for students like Drew Goodman, who founded Earthbound Farm Organic, the world's largest producer of organic produce.

UCSC RECEIVED THE HIGHEST SCORE IN THE PRINCETON REVIEW'S 'GREEN HONOR ROLL' for its commitment to sustainability in academic offerings, campus infrastructure, activities, and career preparation.

PROUD CUSTODIAN OF FIVE STUNNING NATURAL RESERVE SITES on the Central Coast—from 25 acres on Año Nuevo Island to 4,200 coastal acres in beautiful Big Sur.

WITH PROGRAMS PROVEN TO RAISE COLLEGE ATTENDANCE RATES among disadvantaged communities, the university's Educational Partnership Center serves thousands of high school students every year.
